

COVID-19 treatment prescribing and referral template: Support Document

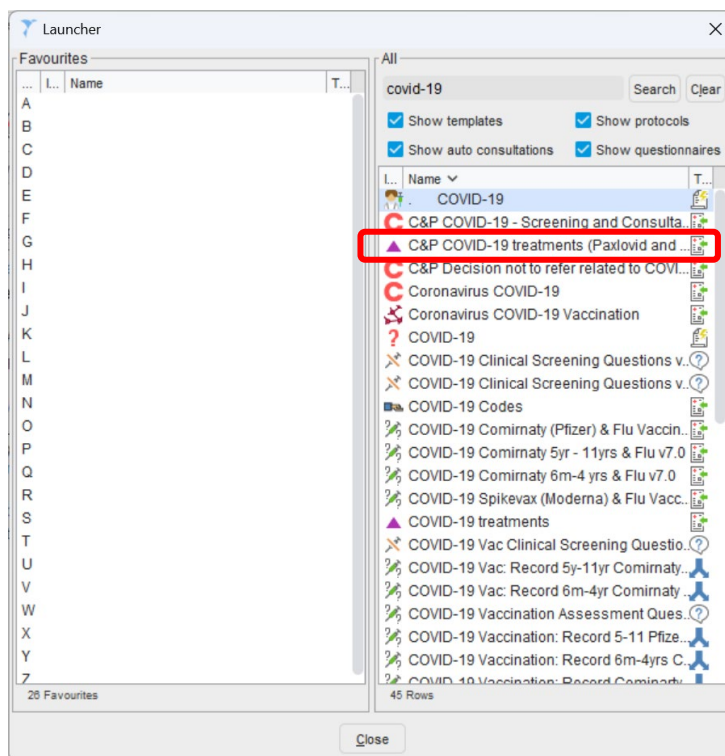

Background

Cambridgeshire and Peterborough Integrated Care Board have developed a prescribing template in SystmOne and EMIS Web to support with safe and effective prescribing of Paxlovid and referral for treatment with Sotrovimab and Paxlovid for eligible patient cohorts.

Accessing the template: SystmOne

Once logged into SystmOne, with the relevant patient selected the C&P COVID-19 treatments (Paxlovid and Sotrovimab) can be launched by either:

1. Pressing the F12 key to open the template launcher.
Search for C&P COVID-19 treatments.
Select the C&P COVID-19 treatments (Paxlovid and Sotrovimab) template which has a purple triangle as the icon.

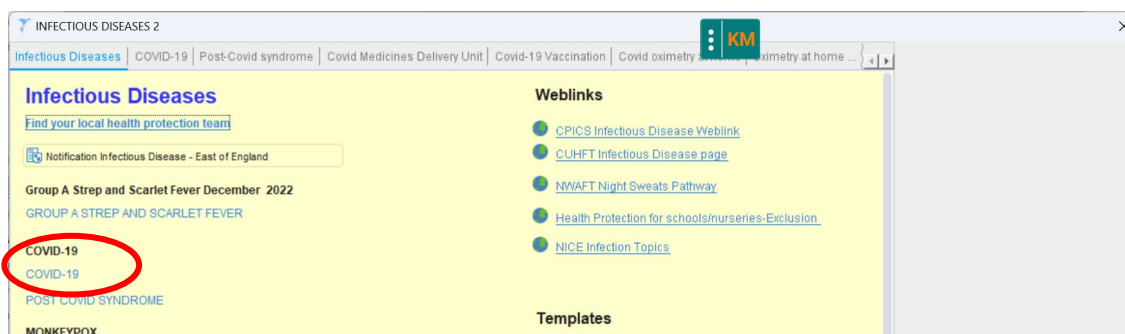

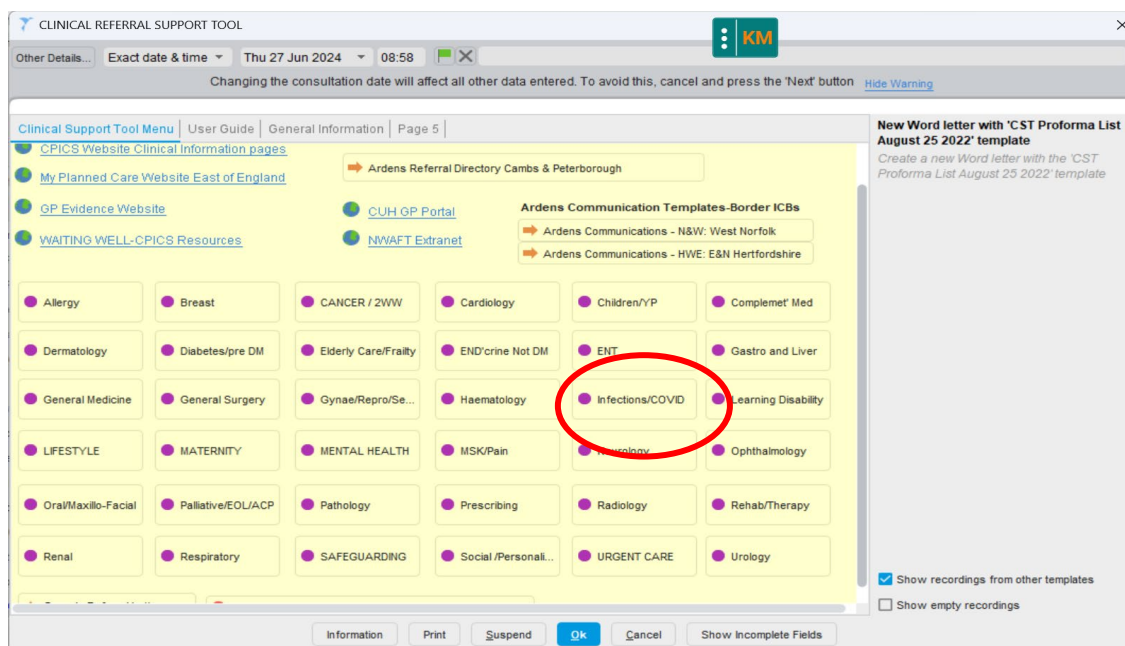

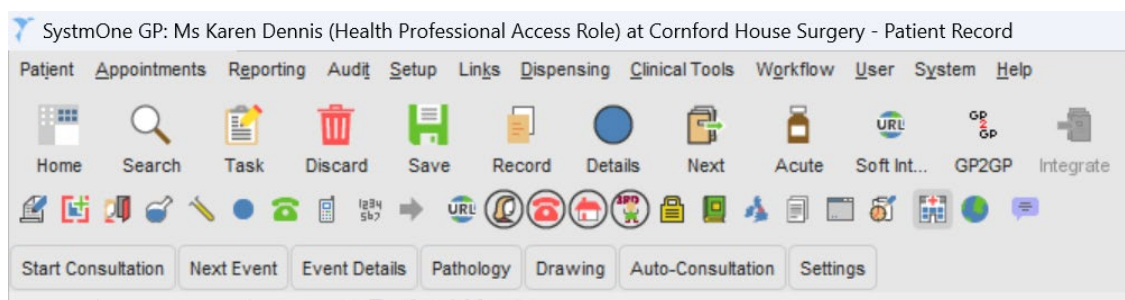

In the bottom left hand search bar type C&P COVID-19 treatments.

The relevant template will appear with a purple triangle icon next to it, select this to launch the template.

2. Launch the Clinical Referral Support Tool Template.
- Select the Infections/COVID button.
- Press the COVID-19 hyperlink.
- Select the C&P COVID-19 treatments (Paxlovid and Sotrovimab) template.

EMIS Web

Currently the ICB template is not available to EMIS Web users, although this should be available shortly.

In the interim the Ardens COVID-19 template can be used to support prescribers alongside the [Paxlovid \(Nirmatrelvir and Ritonavir\) for Eligible NonHospitalised patients \(18 years and over\) with COVID-19: Prescribing Support Document](#), Summary of Product Characteristics (SPC), and relevant [NICE TA](#).

If referral for Paxlovid or Sotrovimab assessment and prescribing, then the referral form templates can be uploaded to EMIS Web and completed as per the instructions on the form.

Using the C&P COVID-19 treatments (Paxlovid and Sotrovimab) template

The template should be used alongside the [Paxlovid \(Nirmatrelvir and Ritonavir\) for Eligible Non Hospitalised patients \(18 years and over\) with COVID-19: Prescribing Support Document](#), Summary of Product Characteristics (SPC), and relevant [NICE TA](#).

If referral is required for assessment for Sotrovimab or for assessment of suitability of Paxlovid prescribing where General Practice does not feel able to do this currently, these referral forms can be found in the relevant tab of the template. These forms must be sent VIA EMAIL to the address on the form. Referrals via e-RS will no longer be accepted.

Please ensure that all referral forms are completed in FULL, or they may be rejected by the receiving provider.

Medication information

For further information, please consult the latest edition of the [British National Formulary](#) (BNF) or [Summary of Product Characteristics](#) (SPC) for full details.
